1. (STATEMENT SOUGHT FROM THE CHAIR COMMITTEE ON COUNTY AFFAIRS, PUBLIC SERVICE AND INTERGOVERNMENTAL RELATIONS)

Hon. Speaker, pursuant to Standing Order 47(1)(c), I Wish to seek a statement from the Chairperson of the sectoral Committee on County Affairs, Public Service and Inter-Governmental Relations regarding the county's plans to establish village administrators as stipulated in the County Government Act 2012 under Section 52.

Hon. Speaker, the establishment of village administrators is essential for enhancing local governance and ensuring that the voices of the community are effectively represented in the county's decision-making processes. The County Government Act mandates the county governments to facilitate the establishment of administrative units that are responsive to the needs of the local population.

..... /7(cont'd)*

Hon. Speaker, the right to effective governance and representation at the local level is enshrined in our Constitution, ensuring that every citizen has access to public services and participation in governance. The county government has the primary responsibility to promote local governance, and the establishment of village administrators will significantly contribute to this goal.

Hon. Speaker, village administrators will play a vital role in coordinating service delivery, facilitating communication between the community and the county government, and addressing local issues effectively. Their presence will enhance accountability and transparency in governance at the village level.

Hon Speaker, in the statement the chairperson should inquire into and report on:

1. When does the County intend to initiate the process of establishing village administrators in accordance with Section 52 of the County Government Act?
2. What steps is the County taking to ensure that the roles and responsibilities of village administrators are clearly defined and communicated to the public?
3. How will the County ensure that the recruitment process for village administrators is transparent and inclusive?
