

**REPUBLIC OF KENYA**

**GARISSA COUNTY ASSEMBLY**

**THE HANSARD**

**Thursday, 21<sup>st</sup> june, 2018**

*The House met at the County Assembly Chamber,*

*Assembly Buildings, at 2.30 p.m.*

*[The Speaker (Hon. Ahmed Ibrahim Abass) in the Chair]*

***PRAYERS***

**PAPERS**

**Hon. Speaker:** Chair budget and appropriation and apparently this is the only business we have for this day, chair budget we cannot even re arrange our agenda statrt with something else as we..... Sergeant at arms can i have chair of budget delivered here. Anything else hon members as we wait for the chair of budget yes member for saka.

**Hon. Kassim:** *(applause)*

**Hon. Speaker:** the smartly dressed member.

**Hon. Kassim:** mr speaker thank you, my position of standing is just to rectify a situation comments i made yesterday that the apex nature of this house worth due respect. This is not an ordinary building where every tom and dick dress the way he should. As we are sited before this house mr speaker am seeing some hon. Members have short sleeve shirts which is not an order of any parliamentary house i want you to make a resolution that the apex nature of this house should be respected to the later thank you.

**Hon. Speaker:** hon. Member for saka you have made your point but i think we have also established a committee and i think there first assignment..... hon members when we came in we

heard the issue of first standing order in between the two houses for the old members who return you remember so i think that committee is going for a training July and we want them to embark on a review of the standing orders member for saka if you will be able to push on the issue of how members should dress while in the chamber through that committee that will be something ... but am sure even in our current standing orders it has a code of dress for members within the chambers. That committee can even change many things including when we want to sit the current sitting we have is the one we have borrowed from the national assembly but over the five years period assemblies were expected to align their standing order for example in our case we could say three consecutive days not Tuesday, Wednesday, Thursday it could be another day. We could say our sitting to be in the morning such that by one o'clock we have finished our business until the following day. chair budget we have gone to this stories while waiting for you and i have send the sergeant at arms to get you from wherever you are am glad you are here can you please proceed.

**Hon. Abdullahi:** thank you Mr Speaker sir, i beg to lay on the floor of the house the report of the committee on budget and appropriation on the Garissa county fiscal strategic paper 2018.

**Hon. Speaker:** very well next order.

*Motions and bills*

**Hon. Speaker:** chair budget again

**Hon. Abdullahi:** thank you mr speaker sir, that pursuant to provision of standing order 206(4) that this house approves the report of the budget and appropriation committee on the fiscal strategic paper financial year 2018. Mr speaker sir on behalf of the members of budget and appropriation committee and pursuant to section 1176 of public finance management act 2012

**Take B MISSING**

**21<sup>st</sup> June 2018 HB take C**

7. Hon. Marian Mohamed-member
8. Hon.Gini Dagane-member
- 9.Hon.Fatuma Bulle-member
- 10 Hon.Fatuma M Shide-member

11. Hon. Adow Omar Said-member

12. Hon. Abdullahi M Buthul – member

13. Hon. Abdirahman M Idriss -member

Mr. speaker the constitution of Kenya and the public finance management act give the county assembly the responsibility and the mandate to oversee the management of the public with regards allocation. Resource mobilization, monitoring and control and oversight.

### **AKNOWLEDGEMENT**

This committee is grateful to the offices of the speaker and the clerk for the support extended to the committee in the executive of its mandate. We are also gratefully to CEC.

Members and the technical team for clarifying some pertinent issues in the CFSP 2018 and.

**Hon speaker:** Leader of minority you cannot close from one side of the house without so please formalize if anybody wants to cross from here to any side you go there go to the chair and then you cross and so you walk like you know you are a senior member being a leader in the house you could have excuse the other members not the leadership.

**Hon Abdullahi (Bura):** Thank you Mr. speaker. For preparation and timely delivery of the fiscal strategy paper. The chairperson also takes this opportunity to thank all honorable member for their patience. Unwavering sacrifice and commitment to public service which enable the committee to complete this important task in the stipulated time. Further the committee acknowledges the technical input of the budget office of the county assembly which was invaluable in the consideration of CFSP 2018.

Mr. speaker it is now my pleasant duty and privilege. On behalf of the budget and appropriation committee present to the county assembly the report of the committee on the county fiscal strategy 2018 for debate and adoption.

Mr. speaker sir we have read in details the county fiscal strategy paper 2018 as preparation and submitted by CECM finance. During its meetings the committee consulted with the Liaison committee and technical staff in various dockets.

Mr. speaker pursuant to section 117(1) of the PFM Act, 2012 the CFSP was delivered to the county Assembly on Friday 26<sup>th</sup> February.

The legal underpinning of 2018 CFSP is articulated in section 117 of the public finance management Act 2012. It requires the county treasury to submit the CFSP to the Assembly for approval by 29<sup>th</sup> February in each year. The PFM also stipulates the content of the CFSP. Additionally, The PFM regulations, 2015 provided further requirement on the content to be presented in the CFSP.

A review of the 2018 CFSP indicates that it achieved 77.14 percent level of compliance. Despite the fairly good performance. It is noted that the county treasury did not submit the CFSP on time.

Mr. speaker sir the budget experience a 6% shortfall in actual performance (expenditures) due to underperformance in own source revenues that realize only 23% of its target. Condition grants also underperformance (38% of target). Recurrent costs were 64% of the budget propelled by salaries that were 42% of total budget and 66% of recurrent cost. This puts Garissa in line with fiscal principles of a minimum of 30% total budget on development spending at 36%. The fiscal deficit was shilling Kshs 4.8 million and the county did not receive any external funds to finance it.

The county has projected total revenue of Kshs. 9,518,735,355 and the breakdown of this amount is shown in the table below together with the medium term projections.

### **21<sup>st</sup> June, 2018 fiscal strategy paper ibra D**

**Hon. Abdullahi (Bura Ward):** the breakdown of this amount is shown in the table below together with the medium term projections. Am not sure if members received this copies.

**Hon. Speaker:** Shakul has anything come since you said or you brought twice. Ok, member please pair with us I think there was a problem today. If problem was brought my attention, I will even have delayed coming in for some 15 or 20 minutes and we have coming in when everything is ready. Now chair for budget, what you will just do since the members do not have the copies and is difficult for them to read the table. I think you could just read the estimate for 2018/2019, 2019/2020, 2020/2021. Just read for them they can't see the table.

**Hon. Abdullahi (Bura Ward):** ok, there is this table where the revenue estimate for financial year 2018/2019, FY 2019/2020, FY 2020/2021,

	<b>Estimates FY 2018/2019</b>	<b>FY 2019/2020</b>	<b>FY 2020/2021</b>
<b>REVENUE</b>			
<b>National Transfers</b>	6,939,400,000	7,633,340,000.00	8,396,674,000
<b>Local Collections</b>	250,000,000	275,000,000.00	302,500,000
<b>Conditional Allocations</b>	775,747,878	853,322,665.80	938,654,932
<b>Loans and Grants</b>	1,553,567,377	1,708,924,114.00	1,879,816,526
<b>TOTAL</b>	<b>9,518,735,255</b>	<b>10,470,586,780</b>	<b>11,517,645,458</b>
<b>EXPENDITURE</b>			
<b>Recurrent</b>	5,707,165,897	6,499,168,781	7,149,085,659
<b>Development</b>	3,811,569,358	3,878,645,955	4,266,510,551
<b>TOTAL</b>	<b>9,518,735,255</b>	<b>10,377,814,736</b>	<b>11,415,596,210</b>

#### **Recurrent Expenditure**

Recurrent expenditure is expected to be curbed **at 61% in** the FY 2018/19 and reduced to 60% in the medium term. This will involve cutting down on wages by limiting recruitment to only essential personnel. Wastages in operation and maintenance expenditures will also be contained.

#### **Development Expenditure**

Consistent with the objective of allocating adequate resources towards development and the need to ensure completion of critical infrastructure, development expenditure will be at least **39% in** the FY 2018/19 and increased to 40 percent in the medium term

#### **Medium Term Expenditure Framework**

##### **Resource envelope FY 2018/2019**

<b>RESOURCE ENVELOPE</b>	<b>FY 2018-2019</b>
<b>Equitable share</b>	6,939,400,000

<b>Conditional Grants</b>	775,747,878
<i>Level 5 Hospital</i>	344,739,884.00
<i>Compensation for foregone user</i>	12,964,636.00
<i>Rehabilitation of Village polytechnics</i>	35,335,000.00
<i>Road Maintenance Levy</i>	182,708,358.00
<i>Lease of Medical Equipment</i>	200,000,000.00
<b>Loans and Grants</b>	1,553,567,377
<b>Own Source Revenues</b>	250,000,000
<b>TOTAL</b>	<b>9,518,735,255</b>

Sector ceilings - In the table below, health allocation includes all conditional allocations from national government and grants from donors, Roads allocations includes road levy fund from national government, Education allocations include rehabilitation of polytechnic fund from national and finance has KDSP fund factored.

<b>SECTOR</b>	<b>RECURRENT (KSH)</b>	<b>DEVELOPMENT (KSH)</b>	<b>TOTAL</b>	<b>%</b>
<b>Agriculture, Livestock &amp; Cooperatives</b>	211,609,781	320,000,000	531,609,781	6%

I hope members have had the copies, is there any member don't have this?

## TAKE E MISSNG

## 21<sup>st</sup> JUNE 2018 OSMAN TAKE F

**Hon Mahat Osman (Majority leader):** Thank you Mr. Speaker sir, i stand to support the document in front of us. Mr. Speaker i want to comment the committee for budget and appropriation for doing a very good job in a short time. They have done their best to make sure the fiscal strategy paper today is with us here. And they have also done a commendable job within a short period and i am very sure the committee is also preparing themselves for the budget estimates with the time is also limited and we want them also to speed up and also complete that process the shortest time possible, so that we are done with our budget estimate. Mr. Speaker i am also happy to see that our estimate has been also drawn well and i want to urge all the members of this house to kindly approve this estimate so that the committee of budget can also go ahead with the budget estimates that is also coming suppose we concluded before the end of this financial year. With those few remarks i want to thank the committee for budget and appropriation once again, thank you Mr. Speaker.

**Hon Speaker:** Before i let member for Saka, before i let you in, i will let you in. honorable members today's exercise is most critical and most important part of budget making process, because once you cross here, when actual estimate come what you can do as assembly is limited to one percent , you cannot change more than one percent. So where you can, for purposes of guiding the house i think this .... So sometimes i hope members understand the critical aspect of the budget making process that we are in today. So take it seriously have a look at it and since the report came very late, that members may not have seen earlier, if there is any member who want to move anything call an amendment if you can

gather a support, we will allow it now, because if the report was ready yesterday then for any member who want to have an amendment you know the way we go. We will go through the normal process; you will put in writing, present to speaker, but since the report is just being done and number two (2) Honorable members because of the lateness we are doing this exercise and the ADP yesterday and the legal requirement that you must pass the budget, either pass it or reject it by 30<sup>th</sup> of June, now you can see we will not have good time to really interrogate that document and you see the real estimate are not as this they are much more voluminous now is item by item, so hopefully next time going forward the next financial year chair budget i hope we will be able to be strict on the timelines coming from CEC finance, because these are document ought to have passed 15<sup>th</sup> of march if we have dealt this document 15<sup>th</sup> of March the CEC had a time up to 30<sup>th</sup> of April to submit the estimate, meaning the house will have had the estimate with us for the month of May and June. Unfortunately we may not get that comfort in this particular time round, but going forward, i hope we can be very strict on those timelines such that the house can have enough time, because look at it today we are in Thursday, we are dealing with this document, we likely to write to the CEC finance tomorrow which is Friday, Monday will be date? Sorry Monday will be? 25<sup>th</sup> and i was just looking at the calendar before i left the office, 30<sup>th</sup> June is on Saturday meaning it come to us on 25<sup>th</sup> and by 28<sup>th</sup> we will have to deal with it. So hopefully next time we will not find ourselves in that kind of quack mare. Chair budget you want say, is there anything you want add.

**Hon Abdullahi:** Mr. Speaker, i have taken your guidance, beside other challenges and you know we all remember the issue we had on election, our technical budget fiscal analysis was the only person handling this document, the breaks and Ramadhan we had delayed this document. But i hope in future... today we had problem with the printer that is why this document could have been printed, you know mechanical problems Are there they don't also plan with us, so i hope we will going to look into thank you.

**Hon Speaker:** Thank you very well, the budget has been done very well. And i think in fact the biggest delay and the biggest culprit here chair finance comes from your committee, because it is the ADP which delayed more than the estimate, i hope now finance committee next time, that ruling that i made regarding the CIDP and ADP took the Speaker into problem and now you know i will not hesitate next time if you go on this way to make an opposite ruling, hopefully next time i hope we will be able to when that document come i hope .... And you know when i look at the committee of finance the chair is a very senior the minority leader is there The majority leader is there you know very strong people this is a kind of committee we expect things to.... So hopefully next time committee finance you will not be able to hold us this long, because we had this document .....

TAKE G

**Hon. speaker:** Committee finance you will not be able to hold us this long because we had this document February from the CES finance. This document that we are dealing with today in fact this delay is on our side am sure we will do much better. Honorable borle.

**Hon. Borle:** Thank you Mr. speaker I think I have a problem with report which was read by the chair because what the fiscal strategy paper says that some five key priority areas and this are listed as water and sanitation, Health care services, Agriculture, Transport and infrastructure and also business environment. I'm surprised it's the same areas we are now saying some of the same areas are the ones which now in identified as from which we reduced funds for instance am the chair for water. We had a meeting as water committee the document was committed to us and we did not propose any changes and also as a member of budget committee here we said we reduced 100 million of development that is water and infrastructure unless we say that is an error and it relets to something else am not clear about that thank you.

**Hon. speaker:** Chair water it's not an error. This are the recommendation of the budget committee as presented to this house and the spokesman of the budget committee for the purposes of this house is the chair. but as a member of this house as along you get support among you the membership of the house nothing stops that why I was saying today we will give regarding the amendments we will give the members a lee way because members are just finding reports but you or any other member of water committee you are at liberty to defend give reasons and convince the house if you the deduction of 100 million from water is not justified. Yes, member for Saka and then followed by member for Modogashe and Damajaley in that order.

**Hon. Kassim:** Thank you Mr. speaker sir, mine is fully first to support the document before you that it works adoption but Mr. Speaker with your permission I would like you in advance to give me ample little time so that I will give my findings to the report before us Mr. speaker the CFSP That is county fiscal strategy paper the document here according to law when it arrives in this house there is no Mr. speaker I need your attention

**Hon. Speaker:** Honorable member for Saka go on with your contribution I will here you I can double task.

**Hon. Kassim:** Mr. speaker the county physical strategy paper which is before this house is going to be approved with or without any amendments I'm saying so because this document is more so when we made a counterpart is just like FCP of the national level Mr. speaker can I continue you see Mr. speaker professionally I'm a trained teacher during my hey days in school we used to pay attention to the lesion so that if a child out of mind you give him brain and a booster so I'm sorry to intervene with your an schedule meeting Mr. speaker this document is going to be approved with or without amendments simply because as I'm in the chair of the county legal officer in my committee it's becoming a trend.....

## **21 June 2018 take Hon Adow M.nur**

**Hon. Kassim:** This county is a bit behind the schedule time Mr. Speaker once again when you look at page 10 of the report before you article 1.1 which talks of a legal compliance when you talk of a... when you look on page 10 Mr. Speaker item 1.1 it says legal compliance am the chair

of the legal matters in this county that is page 1.1 article 1.1 or roman 1.1 Mr. Speaker sir anything to do with illegality because am the man to chair anything to do with illegality laws bam the man to chair so i advice my brother the chair of budget should consider for any corrections and alterations when it comes to law business terms because we are well versed with this knowledge Mr. Speaker when i come back to business we should ask ourselves truly why is this document important there are two key issues here two question every member should know by heart one is how big it is budget in the next year what are the estimates what are the revenues what are total spending so Mr. speaker the revenue collected al this in totality with deficit of the financing I taught business administration some years back i remember there is what we call sieving in budgetary those this document strategic paper it is the sieving of the budget Mr. Speaker and the element of the sieving of this paper we have three piece we have number one performance project and priorities thy are all covered and there are only major C which are the ceiling like inside this honourable house we have a ceiling on top of our house so this strategic paper it is the way forward directing that the budget that to come to this house has catered for all this analysis or annexes before you M. Speaker in a nutshell am saying if there is any member who is n doubt about this paer you should refer reference to a section of the public finance act that is act number 177 Mr. Speaker with those few very many remarks i beg to seat down with your permission

**Hon. Speaker:** Next member for Damajaley

**Hon. Diriye:** Thank you Mr. Speaker for giving me this opportunity Mr. Speaker as you said earlier that this is a very important document that we should be very keen when we are passing Mr. Speaker sir, it has been the request of the members entire members that when we going tom deal with certain documents like this we would have been given earlier so that we can peruse and go over it long time maybe two to three days because we are not technical persons most of us we are not accountants some of us are even this mathematical writings are difficult and we have been asking many times that whenever we have this document we should be given in advance so that we consult our technical parts so that they can guide us on what to do and what not to do where there is error Mr. Speaker every time we are told we are in rush we are behind schedule should such things happen Mr. Speaker that is why we are passing substantive documents that we are not aware that we cannot have and it cannot assist us in any way Mr. Speaker Mr. Speaker am not against this motion am not against passing it i want to put right things in order Mr. Speaker therefore next time i ask the house business to give us such documents in three days' time so that we can be able interpret and understand and therefore can be able to bring substantial issue on the flow so that we can correct this funding and how we can approve our county with that i pray Mr. Speaker that such mess will never occur again there is all the lobbying as we are talking we need to be attentive Mr. Speaker with due respect Mr. Speaker such mess should not occur we want to be given these orders members have said many times that this document should be given in time therefore mine is to give those requests honourably and i support this fiscal strategy to be passed because we are ever complaining that we are behind

schedule and the other thing i request when we go to sectors departmental sectors when we ask they say the executive are not consulting us if the CEC and the chief officers are not consulted to direct us on the need of that sector then what is the point who is planning this so we need to be guided on that so i need to be guided also whether what am saying is the right comment we need a guide thank you Mr. Speaker I support the motion

**Hon. Speaker:** Very well member for damajaley i give you the undertaking of the speaker that this should not happen again that we will be very strict to the timelines right from the executive we will be very strict with our committees that are supposed to process some of this documents the day we shall pass the document we shall give them a timeline so that they should not hold back the whole house for this kind of scenarios for my apologies and on behalf of the house

Hon. Speaker: Member for Modogash

**Hon.Ali(Modogashe ward):** thank you Mr. Speaker sir...

TAKE I

**Hon Ali Mohamed Gure :** Thank you Mr Speaker I have a lot of concern of reduction of water department. The biggest problem we are facing in Garissa for example in my ward is water and in this budget in the department of water we normally use more than 100 million shillings on water tracking and is very unfortunate today after executive have made a very good proposal and our budget committee reducing water budget and we are expecting three to four mega dam to be constructed to finish the shortage of water and in support of the document but I oppose the water projects. Thank you.

**Hon Speaker :** Member of Modogashe if you are opposing on something there is ways . Yes honorable deputy Speaker.

**Hon Muhamud Abass ( Deputy Speaker ) :** Thank you so much being a member of budget committee I feel the cry of some of the members andf the budget committee with its wisdom I have realized some of this amendment are very crucial and critical to the committee having discussed critically I don't think honorable member for modogashe can bash thirteen members of what they have decided means a lot in this house and therefore with the consultation of this house leadership and honorable members of my committee that we have decided and I wish to move an amendments to the documents where we increase 50 million shillings to water department ion development and that comes from different development area. We feel more water and that is on our own wisdom.

**Hon Speaker :** Deputy Speaker that changes that you want to make would have to move in a form of amendments.

**Hon Mohamud Abass ( Deputy Speaker )** : That is what am going on Mr Speaker . I wish members would understand that we feel very critical for water and I want to put myself in the shoes of honorable member of Modigashe and even honorable chair of water and is prudent enough to reduce some of this money so that we increase in the water department and that is my amendment Mr Speaker that we reduce 10 million shilling from education, agriculture, finance ,liase and 5 milllion shilling from executive departments and trade department which is total 50 million shilling. I wish this amendment to be considered because I noted is very vital and wish members to second me. Thank you

**Hon Speaker** : leader of minority

**Hon Mohamed Amin ( Minority Leader )** : Thank you Mr Speaker . I stand to second the department of tghuis motion. Aware that water is critical sector and 80% of our county in in rural areas and reducing the budget of water is never fair. I being the member of water committee I felt that we increased 50 million after 100 million was deducted so that it reduce to 50 million shillings and I urged members let us approve this amendments. Thank you

**Hon Speaker** : Honorable member of Saka there is no point of order and this is what will happen now amendments was put forwad by the deputy speaker and has been seconded by the minority leader and so horobale member our first business before we go anywhere else is to with the fate of that amendments and therefore I want to put the question that the development water project should be increased by 50 million.

*( Question put and agreed upon)*

**Hon Speaker** : Any member who wish to contribute . Yes member of Ijara

**Hon Irshad** : Honorable Speaker with the mood of the house I request you to put the question for passing and adopting the budget .

Hon Speaker: Is that the mood of the house ?

*(Members chanting Yes)*

**Hon Speaker** : Then I will put the question that the house adopt the report of budget and appropriation committee on county fiscal strategy paper of 2018/2019 amended.

*(Question put and agreed upon)*

**Hon Speaker** : There is no any other business the house adjourned to Tuesday next week
